DETAILED ACTION

1. The following is an examiner's statement of reasons for allowance: The prior art of record fails to disclose or make obvious the claimed aircraft. Specifically, the prior art fail to show a lifting body aircraft with the claimed parameters for the leading and trailing edges of the wings and body, the claimed engine structures, and the claimed empennage. One particular difference between the current application and Applicants' previous patent 6,578,798 is the particular sweepforward of the arching trailing edge of the main body.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. Claims 1-3 are allowed.

3. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Page, Hawley (5,909,858), and Hawley (5,893,535) are cited as being of interest since they disclose lifting body aircraft.
